

INX-ZA 2017/8 Committee Election

Per [the INX-ZA management committee Terms of Reference](#), we will hold elections during iWeek 2017 to elect a new management committee. The candidates below have expressed an interest in serving this position. As a reminder, the INX Committee is open to anyone from the community; not limited to geography, or just INX peers.

Only INX peers may vote, and voting is restricted to one vote per organization. Onsite voting will take place during the INX-ZA user meeting at iWeek 2017 (4 September, 16:30). Voting will take place by secret ballot.

This list is ascending alphabetically (sorted by first name).

Name	Brief	
Anthony Engelbrecht	<p>Anthony has had a passion for the ICT sector for over 25 years, starting with x.25, and continues to dabble in new cutting edge technologies.</p> <p>Since 2001 Anthony has been developing and building many start-up companies in the IT sector, from: Business analysis, data mining and bulk SMS solutions, to Layer 7 messaging technologies and Telecoms. These companies include: ATTUNE Technologies, BI Digital Technologies, JIREH Technologies, Mobile Ranking Technologies, and many more. He still serves on the board of these organisations and plays an active role on a day to day basis. Anthony's second passion is sailing, and he is a qualified ocean skipper and sailing instructor. He enjoys this activity with his wife and three children, and plans to sail the world. Anthony has been on the INX committee since 2016.</p>	
Ben Roberts	<p>Ben worked in electronic and software design of satellite paging systems and systems support of Voice over IP networks before joining Econet group in 2002. Initially as an engineer setting up and running networks at Econet Satellite Services, before moving on to become Chief Technical Officer at Liquid Telecom. Ben has been responsible for network and product strategy with Liquid Telecom as they have built an extensive African fibre network. Ben has been on the INX committee since 2016.</p>	
Edrich de Lange	<p>Edrich de Lange has been working in the ISP field since 2008, and is currently a consultant to various small ISPs around Durban.
